**On Thursday 13 February we took a group of our residents from Woodstock Residential Care Home to our local Dobbie's Garden Centre for a spot of retail therapy!**

Dobbie's is a real favourite with our ladies and gents, as it offers so much in one place - great plants and gardening supplies, homeware, pets, gifts and a lovely restaurant, all under one roof!

Everyone enjoyed looking at the beautiful plant displays and doing a bit of shopping.

After an enjoyable afternoon, everyone relaxed with a pot of tea and a delightful cream scone in the restaurant. A super outing!
