**Mo and John returned to Woodstock Residential Care Home on Tuesday 13 July to brighten everyone's morning and get us all energised for the day!**

We all had good fun **singing** and swaying along to their music, with lots of **props including pom poms, percussion instruments and drumsticks** which some of our residents used to tap along to the music as if they were conducting an orchestra.

Mo and John kept us on our toes with a **music quiz** and our residents were quick to guess the songs as they sang along.

They also brought their own instruments to give us a **live performance** too, it was brilliant! Mo on the guitar and John on the saxophone. *We really enjoyed ourselves and can't wait for them to come back to see us again!*
