During the run up to Halloween our residents at Woodstock Residential Care Home joined in with arts and crafts and made Halloween wreaths to decorate the dining room ready for our Monster Mash party.

We **cut out pictures of Frankenstein, ghosts, witches, autumn leaves** and other spooky pictures to glue to our templates and enjoyed singing along to songs such as *'Thriller'* and *'The Time Warp'* while we got creative together.

Everyone enjoyed seeing their **artworks on display** over the **Halloween** weekend and our residents' relatives really liked seeing their loved ones' creative work.

Making Halloween wreaths
