

Posted on October 12, 2023

As we have crept into October, our residents at Woodstock Residential Care Home have been getting ready for the spooky season by getting dressed up for a Halloween photoshoot.

We all enjoyed getting out our **Halloween costumes** and **witches hats** to smile for a photo, it really did start off the Halloween festivities!

Everyone at Woodstock loves to embrace this time of year and enjoys seeing their Home decorated with lots of different Halloween props and **can't wait for the trick or treater children** to see it.

We all can't wait for the rest of our Halloween plans for the next few weeks; we're especially looking forward to our Halloween party on the 31 October!
