**On Monday 28 August everyone at Woodstock Residential Care Home was invited to our 'Woodstock in Wonderland Mad Hatter's Tea Party'!**

We enjoyed starting the day by **watching Disney's 'Alice in Wonderland'** and chatting about the film. Families, friends and staff joined us in celebrating the bank holiday weekend and what an amazing turn out we had!

*One condition to enter was that you **must wear your maddest hat** to be part of the Woodstock in Wonderland's festivities! We had so many amazing hats on show and family and friends **voted for the best 'Mad Hats'** - the best staff hat was awarded to **Cilla** and the best hat amongst family and friends was awarded to **Sue**. Well done ladies what gorgeous mad hats you both made! Winners were presented with an Alice in Wonderland tea cup and certificate.*

As you arrived at the entrance of our Wonderland it was time for a **photo opportunity** to prove you made it to the Mad Hatter's Tea Party! Before lunch, family and residents challenged each other in a game of **flamingo hoopla** which was amazingly part of a staff member's mad hat!

For lunch we tucked into a **wonderful BBQ** with burgers, sausages and all the sides, and then for pudding had a **feast of desserts!** We really were spoilt for choice and it was mouthwatering looking at all the tempting sweet treats including a caterpillar cake,

Viennese whirls, sponge fingers and Swiss rolls, with brownies, cupcakes and profiteroles made by our Cooks.

Our residents were very happy and proud to see their **artwork up all around** to decorate this big event.

Everyone was amazed watching the **magician Mr Fizz** show us lots of magic tricks with help from staff and were very impressed when he made a white bunny rabbit appear before our eyes! We all got a chance to meet and stroke him. A big thank you Mr Fizz - we are looking forward to your next magic show.

*Thank you to everyone who attended Woodstock's Mad Hatter's Tea Party, we all had such a fantastic time and can't wait for our next event!*
