We have recently received some lovely handmade Christmas cards at Woodstock Residential Care Home from the Milton Regis (St Mary's) cubs.

The cub members held a virtual camp where they took part in **Christmas** themed activities and **decorated cards** to be handed out to every resident at **Woodstock!**

This is such a lovely gesture to bring the community together and our residents loved receiving these beautifully coloured and painted cards. Inside each was a handwritten message wishing our residents a 'Merry Christmas and Happy New Year'.

Thank you to the cubs!
