On Friday 12 January, with passports at the ready, our residents at Woodstock Residential Care Home set off for their first virtual cruise destination – Hong Kong.

Our ladies and gents had great fun spending the day travelling to Hong Kong on 'H.M.S Woodstock' cruise ship, having their **photos** taken and enjoying their welcome **mocktails** and **beer** onboard ship!

Later in the day we docked at Hong Kong and enjoyed some **Chinese food** to celebrate **Chinese New Year**.

We watched a traditional dance by a **Chinese Dragon**, who gave out **lucky envelopes** with good wishes inside them and gold coins too, and **our staff team wore Chinese outfits** to really look the part.

After a fun filled day, we set sail to our next destination, which is India. *We're looking forward to arriving there next month for more adventures!*
