With the backdrop of the World Cup currently taking place, our residents at Woodstock Residential Care Home have been taking part in football trials!

We have a blow up goal and our ladies and gents have been taking turns in a **penalty shootout**; our staff wore their football tops on Monday to start the football session off in style! Everyone had great fun seeing who could score the most goals!

We have also **watched football on TV** and have been **colouring the flags of the world**.

Our residents and staff have run a **World Cup sweepstake** too, picking their teams out of a bag – *we all can't wait to see who wins the sweetie prize!*
